BILL EVANS

For three years Bill had been the one behind the scenes of our electronic operations at the church. Each Sunday without fail he has operated our sound and recording equipment making available the services to the homebound and others. This has allowed effective use of our equipment and the enjoyment of listening to the chimes each afternoon. Bill will be leaving for the University of Kentucky this fall and we want to take this opportunity to thank him for the years of responsible service to the church. We might ask if there is a young person interested in learning to operate our equipment and take over this service we would be glad to train him for the job.

EVANGELISM

The committee on Evangelism working with the minister has come up with some challenging plans for our new church year beginning September 8. For now we want every member of the church to know that the SEVEN WEEKS OF LOYALTY begin Sunday, September 29 and end November 10 with a dinner honoring all that have joined our church during this year. Each Tuesday evening during this period organized visitation will occur in an effort to expand our church fellowship. You will hear much about this in the future but every member will be needed to meet the goals and challenges set by the Evangelism Committee.
